#### A car designed for the real world.

Rethought and redesigned inside and out, the Honda Civic is built to be driven, but it can be much more than that. It can be flexible and change to suit your needs and easily adapt to be what you want it to be.

Totally reimagined with new generation engines to give you ultimate control. The Civic 5 door has been engineered with a lighter, stiffer chassis for an engaging drive. There are two turbocharged petrol engines and a new, responsive 1.6 i-DTEC diesel; all come with a choice of manual and automatic transmissions.

If you have any questions or need more information please call us on **01323 832211**.

\* If a customer requires Premium Crystal Red Metallic on CR-V 1.5 SR models they will have to pay the difference between standard metallic paint and the premium metallic paint cost. The dealer will need to raise a separate invoice directly with the customer and not Motability for this cost. For all orders please use RFO no. MOT888. Only those models listed are available on the Motability Scheme, all other models within Honda's range do not qualify.
